Background and Purpose:

The Office of Air and Radiation (OAR) develops national programs, policies, and regulations for controlling air pollution and radiation exposure. Support under this work assignment is for the Office of Air and Radiation, the Office of Transportation and Air Quality (OTAQ) and the Office of Atmospheric Programs (OAP). OTAQ has national responsibility for analyzing, monitoring, controlling and reducing emissions from all non-stationary sources of air pollution. The Transportation and Climate Division is responsible for: (1) Coordinating OTAQ's strategic climate programs; (2) Implementing programs required by the Clean Air Act to be included in State Implementation Plans to address the impact of in-use vehicles and transportation systems on air quality; and (3) implementing programs and distributing Congressional funding to address criteria and GHG emissions from vehicles in the U.S legacy fleet. OAP protects the ozone layer, addresses climate change, and improves regional air quality. It runs market based programs such as the Acid Rain Program and public/private partnership programs such as ENERGY STAR.

Tasks and Deliverables:

The WA COR will review all deliverables in draft form and provide revisions and/or comments to the contractor. The contractor shall prepare the final deliverables incorporating the WA COR's comments.

Contractor personnel shall at all times identify themselves as Contractor employees and shall not present themselves as EPA employees. Furthermore, they shall not represent the views of the U.S. Government, EPA, or its employees. In addition, the Contractor

shall not engage in inherently governmental activities, including but not limited to actual determination of EPA policy and preparation of documents on EPA letterhead.

Task 0 - Prepare Workplan

The contractor shall prepare a workplan within 15 calendar days of receipt of a work assignment signed by the Contracting Officer. The workplan shall outline, describe and include the technical approach, resources, timeline and due dates for deliverables, a detailed cost estimate by task and a staffing plan. The WA COR and the Contract Level COR and the CO will review the workplan. However, only the CO can approve/disapprove the workplan. The Contract Level COR is authorized to suggest revisions via email. If the Contract Level COR does request revisions, then the revisions shall be submitted as requested. The contractor shall prepare a revised workplan incorporating the Contracting Officer's comments, if required.

0a. Workplan within 15 calendar days of receipt of work assignment.

0b. Revised workplan within 10 calendar days of receipt of comments from the Contracting Officer, if required.

Task 1 - Facilitation and Communications Support

Utilizing sections (f)(viii) and (f)(xi) of the Statement of Work, the Contractor shall provide technical, organizational, logistical, audio/visual, meeting facilitation, administrative, and background materials development support to EPA for stakeholder meetings, workshops, webinar, public hearings, and conferences.

As part of the strategic planning activities, the Contractor shall provide facilitation support for OAR, OTAQ and OAP. The facilitation support shall include advance preparation, agenda planning and development, meeting facilitation and post-meeting follow-up needs as required by the Contracting Officer's Representative. Post-meeting follow-up shall include a summary and may include follow-up analysis on particular issues, as needed. The contractor shall provide all final products in electronic format.

Specific requests for retreat facilitation will come via technical direction from the WAM.

Deliverables and schedule under Task 1

1a. Specific requests will come from WAM throughout period of performance. Deadlines for tasks will be on a case by case basis set by the WAM.

Task 2 - Strategic Planning and Management Consulting for OAR

Utilizing section (f)(xv) of the Statement of Work, the Contract shall perform analyses to support OAR in the formulation of strategic program plans. Specifically, the contractor shall identify strategic areas of OAR work and support innovative analysis, collaboration, and policy development through goal definition and development, strategy development, and related activities as requested by the Work Assignment Manager. As an example, the

contractor shall provide review and propose improvements for OAR strategic planning documents. This task also includes regular strategic planning and management consulting sessions for the OAR Senior Leadership Team.
